###

Decoding Dyslexia Maryland (DD-MD) is a grassroots movement of parents, students, teachers and related professionals concerned with the limited access to educational interventions for dyslexia and other language-based learning disabilities within Maryland's public schools. Our mission is to raise dyslexia awareness, empower others to support struggling readers and students with dyslexia, and to inform policy-makers on best practices to identify, educate and support students with dyslexia in Maryland Public Schools. #SayDyslexia
